A vertical, blurred photograph of a car driving on a road during sunset. The car is in the foreground, moving away from the viewer, with its rear and side visible. The background shows a winding road and a bright, hazy sky. The text "KEEP YOUR" is overlaid in white, uppercase letters in the upper right quadrant.

KEEP YOUR

VEHICLE LIKE NEW

Congratulations on your new vehicle! It looks great and, surely, you'll want to keep it looking that way for quite some time... not only for appearance's sake, but also for resale.

Unfortunately, the environment and everyday driving conditions can make it a challenge. Whether commuting to and from work, parked in a parking lot, or even out on vacation, you know that there's always some sort of risk of damage to your vehicle – much of which is almost impossible to prevent.

Even the most careful of owners can lose their keys, ding a door, or even scrape a wheel. As small as they may seem, these little dents and dings, scratches or missing key fobs can put a damper on your car's appearance and affect its resale value.

Fortunately, MBPI offers a Total Protection Package (TPP) to protect your vehicle (and your bank account!) from damage. Choose the coverage that best suits your needs, and help protect your vehicle, its resale value, and your budget from unexpected repair bills.
